PROFESSIONAL SUMMARY

Information Technology student specializing in Web and Mobile Applications, with hands-on experience in backend development, RESTful APIs, and database management. Experienced in leading an academic software project and developing web and mobile applications using Node.js, Express.js, React, and PostgreSQL. Seeking a Software Developer Internship to apply technical skills in real-world projects.

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, Python, PHP, Java, Kotlin, C++, Swift, HTML, CSS
Frameworks & Libraries: Node.js, Express.js, React, React Native, CodeIgniter
Databases & Services: PostgreSQL, MySQL, Supabase, Firebase
Development Tools: Git, Github, Visual Studio Code, Docker, Composer, Figma
Other: REST APIs, Database Administration, Software Testing, Technical Documentation

PROJECTS

PRISM-GUARD — Web and Mobile-Based HRIS and CMS with NLP-Enhanced Incident Reporting
Project Manager | *Backend Developer* | *Database Administrator* | *2026*
Technologies: Node.js, Express.js, React, React Native, Supabase, PostgreSQL

- Led project coordination and backend development of a web and mobile-based HRIS and client management system for a private security agency.
- Developed RESTful API endpoints and backend functionality for authentication, employee management, attendance, payroll, and incident reporting.
- Administered PostgreSQL databases through Supabase, performed integration testing and debugging, and maintained technical documentation.

Frighton University Student Information System
School Project | *Backend Developer* | *In Progress*
Technologies: React, TypeScript, Express.js, Supabase, PostgreSQL

- Developed backend services and RESTful API endpoints for student records, academic schedules, grades, and billing workflows.
- Designed PostgreSQL database schemas, migrations, and seed scripts to support academic and administrative operations.
- Implemented authentication and administrative workflows, with automated tests for selected backend functionality.

EDUCATION

FEU Institute of Technology | Expected Graduation: July 2027

Bachelor of Science in Information Technology, Specialization in Web and Mobile Applications

CERTIFICATIONS & TRAINING

- **PMI Project Management Ready™** — Project Management Institute, 2026
- **DevNet Associate** — Cisco, 2026
- **Cisco Certified Support Technician (CCST) Networking** — Cisco, 2025
- **IT Specialist – Python** — Certiport - A Pearson VUE Business, 2025
- **IT Specialist – Databases** — Certiport - A Pearson VUE Business, 2024
